## **COVID-19 update**

While we still have our doors closed to the public, our staff continues to work to place homeless families and their children into available housing. Two of our families recently left our program to move into their own rentals! We have the empty apartments professional cleaned and sanitized for the next families. We are grateful we are able to continue to place needy families during the pandemic and we continue best practices for a safe and smooth transition. We will evaluate the situation at the end of the month and follow guidance from the State and CDC. We hope everyone continues to stay safe and healthy as we navigate this together. We miss having folks in the our building and look forward to our volunteers, community and families coming in for programs and visits again.

**THANK YOU THANK YOU-your support is so critical for us to continue our service to homeless families!**
